

Ohio Administrative Code

Rule 3745-279-23 On-site burning of used oil in space heaters by generators.

Effective: October 20, 1998

Generators may burn used oil in used oil-fired space heaters provided that:

- (A) The heater burns only used oil that the owner or operator generates or used oil received from household do-it-yourself used oil generators;
 - (B) The heater is designed to have a maximum capacity of not more than 0.5 million Btu per hour;
and
 - (C) The combustion gases from the heater are vented to the ambient air.
-
